

INSTRUCTIONS

1. Print pattern and attach to pumpkin.
2. Transfer pattern to pumpkin, poking holes along the dotted line with a toothpick or other poking tool.
3. Remove stencil, and use marker to trace over poked holes, creating an outline of the area to carved.
4. Carve out the outlined areas.
5. Take a photo once you're finished, upload to social media, and tag @91X to be featured on our channel.
